Deputy Chief Robert Kopec.*

Mayor James W. Ford  
City Clerk Deborah McIlvain  
Treasurer Argie Johnson-Martin  
Alderman Edward Gillispie  
Alderman Vincent Lockett  
Alderman Lisa Evans  
Alderman Ricardo Spivey  
Alderman Anthony J. Davis

For more information visit:

The city of Country Club Hills has demonstrated its dedication to the safety of its citizens and firefighters by working closely with Country Club Hills Fire Department to meet the following Five-Star qualifications:

- ★ Adopted codes that require **fire sprinklers** in new homes
- ★ Adopted codes that require **smoke alarms** and **carbon monoxide detectors**
- ★ Achieved an optimum **ISO fire insurances rating** for community size and resources
- ★ Implemented a **community risk reduction (CRR)** and **public fire safety education** plan
- ★ Performed regular **inspection, testing and maintenance** of fire sprinkler systems in commercial buildings

By following all five criteria, Country Club Hills joins a growing list of communities working to increase resident safety through the use of fire sprinklers and other fire safety related measures.

Today, home fires can become deadly in less than two minutes. Eighty percent of fire deaths occur in homes.

Congratulations, Country Club Hills, for making your city a safer place to live by working to protect residents, visitors and firefighters against injury and death in a home structure fire, and for helping to limit property damage. Your efforts to provide fire- and life-safety protection for the community now and in the future deserve to be recognized.
